

xix - the confounding of what we
(capital, wages, monopoly)

xx - An investigation of the nature
(property land property vs. property of goods)

xxi - It is seen that private

① (optics - framing Georgian as pro-capitalism)
(- for "poor" taxes)

7 - It is in the older countries
(wealth/distribution, material progress)

7 - This fact - the great fact
(material progress, W/D, Common Cause)

8 - In them the lowest class
(argument that MP affords today's poor with
certain luxuries that yesterday's rich lacked)

22 - If we examine the reasoning
(wages, capital)

33-36. Definitions of Capital

* 38 - Land, labor and capital are the three
(land, labor, capital, nature, property)

39 - ... nothing can be capital that is not wealth.
(wealth, capital)

40 - all this relative wealth.
(relative wealth, money/banknotes)

41 - all things which have an exchange value
(EV/UV, wealth definition)

41 - Thus wealth, as above the term
(wealth definition)

* 42 - But though all capital is wealth
(wealth, capital, capital definition)

48 - ... wealth is course of exchange
(wealth, capital definition, exchange)

48 - Production includes not merely the making
(production)

54 - The money is but the equivalent
(money, wage wages/capital) ^{wages pulled from productivity}
↳ see also 56 - "is not the fund created."

61 - manifestly, then, the value
(wages paid from value created by labor)

↳ see also 65 - as the rendering of labor
↳ see also 70 - ~~Recapitulate~~ to recapitulate

MP - material progress

W/D - wealth / ~~distribution~~ distribution

CC - Common Cause

L/L/C - Land, labor and Capital

EV/UV - Exchange value / Use value

C/W - capital / wealth

MD - Malthusian Doctrine

AW - Accumulated wealth

R/W/I - Rent, wages, interest

IPA - Improvement in productive arts

COL - Common ~~ownership~~ ownership of Land

72 - Unless the distinction
(wealth/capital)

80 - Capital, as we have seen
(C/W, capital definition)

86 - but whether the amount
(capital, wages, poverty)

86 - For if wages are drawn
(capital, wages, poverty)

92 - The worst theory of wages
(capital, wages, malthusian doctrine)

↳ see also 97 - according to the worst
(capital, wages, MD)

121 - ~~The Malthusian Doctrine~~

122 - (MD) Neither in India nor China
(MD, unions)

125 - Had this food been left
(British famine, MD)

131 - It is not the increase of food
(subsistence/population)

141 - I assert that the injustice of society
(nature/society, poverty)

- 143 - ~~Thus~~ thus the power of any population
(collective labor, disproving MD, wealth)
- 146 - In short, there are on every hand
(inequality, wealth/population, MD)
- 149 - Some accumulated wealth is necessary
(accumulated wealth)
- 156 - Three terms, therefore, are needed
(capital/labor/land; interest definition)
- 157 - (revenue definition)
- 158 - decomposing profits into wages
(profit/interest)
- 159 - To read carefully what economists
(managerial labor vs manual labor)
- 160 - 161 P1 - Wages, P2 - Rent P3 - Interest
- 162 - To recapitulate: land, labor, and capital
* (land/labor/capital; rent/wages/interest)
- 166 - Rent, in short, is the share
(Rent definition)
- 170 - The law of rent is, in fact
(law of rent)

- 181 - Now what gives the increase in these
(thermodynamic capitalism; labor)
- 186 - For interest is not properly a payment
(interest, capital)
- 186 - three modes of production
(adapting/growing/exchanging)
- 191 - When James I granted ^{patents}
(taxation, capital, interest, policy)
- 193 - ~~Every one~~
Every one knows the tyranny
* (capital, monopoly, corruption policy)
- 198 - For labor and capital are but
* (labor, capital, ~~the~~ capital as stored labor)
- 202 - the law of interest is this
(law of interest)
- 205 - The principle which will prevent him
(wages, law of wages, wage equilibrium)
- 206 - Labor will no longer yield
(wages, surplus value, rent, land)
- 208 - For supply and demand are but relative
(labor, supply/demand)

- 209 - It is indeed evident
(wages/labor, wages drawn from ~~the~~ labor)
- 212 - Now, the primary and fundamental
(law of wages, basis of all wages)
- 213 - ~~The~~ The law of wages
- 215 - The cause is on the surface
(rent, monopoly, the law of wages)
- 222 - Nothing can be clearer
(wages, productive power, rent)
- 223 - It is not the total produce
* (R/W/I, value of land)
- 224 - To see human beings in the most
(poverty, wealth, good quote)
- 232 - The labor of 100 men
(false logic)
- 234 - Thus, increase of population
(MD, wealth/~~the~~ labor)
- 237 - Another immigrant comes
(~~the~~ labor, network effect, population)

- 239 - The value or rent of our settlers land
(rent, margin of cultivation, land value)
- 242 - ~~The~~ P That this is the way
(population, rent increase)
NOTE: population increase is a necessary but not sufficient condition for increase in land value, as a rule (population increase + development)
- 244 - We have seen that increase of
(MD, progress/poverty)
- 246 - Let me ask the reader
(wealth, exchange value, virtual equivalence)
- 254 - ~~As has~~ As has before been said
(IPA, rent, monopoly, progress)
- 256 - In such communities
(speculation; margin of cultivation)
* \hookrightarrow see also 257. The same thing may
- 265 - In the elaborate and complicated
(land speculation, depression)
- 269 - What demand is learned without
(supply/demand, depression)

269 - The primary and fundamental occupations
 & (productive/unproductive labor, depression, land speculation)

280 - What the main cause and general cause
 (structuralism)

281 - Land being necessary to labor
 & (land value)

287 - The simple theory which I have
 (overview)

292 - There is no mystery
 (land value, rent/wages, example)

294 - In all our long investigation
 (land/labor, rent/wages, summary)

295 - The great cause of inequality
 & (good quote, land ownership)

300 - Six existing remedies for poverty

303 - Let me be clearly understood
 (gov't spending, poverty, land value)

304 - For as soon as land acquires

309 - The fact is, that the qualities
 (hierarchy of needs, education, leisure)

310 - What no general advance
 (wages/capital, wages not drawn from capital)

313 - Nor, in the struggle for endurance
 (labor against landowners)

326 - But while the subdivision of land
 (land monopoly, rent)

328 - Poverty deepens as wealth increases
 (Progress/poverty, the cause, good quote)

336 - Hence, as nature gives only
 (ethical argument for labor alone as the sole grounds of possession)

377 - A house and the lot on which it stands
 (wealth/land, property)

340 - The masses of men
 (good quote, progress/poverty)

341 - Vice and misery, poverty and pauperism
 (M.D., increased population, land ownership)

344 - No matter what may be its
 (land value, margin of cultivation)

347 - Thus if we concede to priority
 (land value tax, common ownership)

355 - The helots of Greece
 (estrangement between lord and vassal)

357 - The Boston labor manufacturer
 (free market, poverty, land ownership)

372 - These causes may be summarized
 (origin of private land ownership)

378 - It is not merely the source
 (history of common land ownership)

381 - Thus, with the extension of personal
 (individualism, liberty, private land ownership)

381 - Those who have profited
 (private landownership, rent, wealth)

390 - The general intelligence, the general compact
 (common land, progress, individualism)

393 - These are the results of private property
 (summary, M.D., progress, land value)

398 - If no private ownership in land
 (private/common ownership, the state)

398 - What is necessary for the use of land
 & (COOL, private ownership of wealth)

400 - Everything could go on as now
 & - (COOL, POOW)

405 - What I therefore propose
 (appropriation of rent, COOL, taxation)
 ↳ 406: In this way the state may

407 - Experience has taught me
 & (COOL, single tax, cultural resistance, false antagonism between capital and labor)

410 - Taxes which fall upon ostentation
 (taxation, non-capital wealth)

411 - Discovery can give no right of ownership
 & (natural resources vs wealth) (good quote)

412 - In large part they spring
 (free markets vs protectionism)

412 - And it may be said
 (antitrust, state monopoly)

413 - The value of land does not express
 (& landownership, land vs. wealth)
 ↳ 413 - but more than this
 (land speculation, depressions)

414 - And as under all fiscal systems
 (single tax, land value tax)

- 416 - Now, the way taxes raise prices
- 435 - To abolish these taxes would be
(single tax, industry)
- 436 - Well may the community leave
(COOL, harmony of labor and capital)
- 438 - Thus, the bonus that wherever labor
(COOL, single tax: labor/capital)
- 438 - Consider the effect of such a change
(labor, on fair wages,)
- 440 - Tracing out the course
(the problem and the remedy, summary)
- 442 - Now it is evident that to take
(wages and interest after-COOL)
- 451 - There are some matters of detail
(loose end,
- 454 - Much of the civil business
(COOL, state as landowner)
- 455 - Society would thus approach the ideal
(socialism)
- ↳ see also 456 - We should reach the ideal
- 461 - Give labor a free field (whole TP
(good quote, summary, COOL)
- 461 - With this abolition of war
(wishful thinking)
- 462 - In this way there would be
(state monopoly, public utilities)
- 476 - Many of the characteristics
(Rousseau,
- ↳ 477 - The varying degrees in which
- 479 - Now, just as the politico-economic
(Barum)
- 505 - Human progress goes on
(progress; advancement of arts and sciences)
- 507 - Now mental power is a fixed
(progress, leisure)
- 513 - The mental power, which is the motor
(progress)
- 514 - In short, to use the language
(evolution Herbert Spencer) → Ideology
- 516 - In our inquiries into the nature
(rent, land value, population, association)

- 517 - And so of the specialization of function
(association, concentration of power)
- 517 - But the great cause of inequality
(COOL, land value)
- 518 - The unequal distribution of power
& (inequality, progress, association)
- 520 - The advance of inequality
(history of civilization, inequality)
- 522 - And so in the rise and extension
(association, progress, inequality)
- 523 - Though Christianity became distorted
(Christianity, church/state)
- 528 - What has destroyed
(summary, progress, poverty)
- 529 - The conditions of social progress
(progress, association, equality)
- 536 - And so, if a man steal enough
(anti-rich rhetoric)
- 537 - The most ominous political sign
& (corruption, historic decline)

- 545 - In permitting the monopolization
(~~pure~~ private landownership)
- 545 - Political liberty, when the equal
(POOL, wages)
- 547 - Liberty came to a race of slaves
(good quote - whole IP)
- 548 - In allowing one man
(good quote, POOL, poverty/progress)
- 562 - Human progress is not the
(progress, history of civilization)
